City Housing Goals – Adopted March 7, 2005

Housing Production

Promote & facilitate a balanced and sustainable housing stock to meet diverse needs both today & in future

The City should establish target numbers of units by housing types needed to ensure life cycle housing options, with housing types disbursed throughout the city.

The City acknowledges that there is demand for different types and sizes of housing units, but due to limitations of available space and other resources, all demands cannot be fully satisfied. At the present time, the greatest deficit and need is for the creation and maintenance of detached, owner-occupied single family housing which are large enough to accommodate families. City housing efforts and resources should primarily address this need.

Housing Condition and Preservation

Ensure housing is safe and well maintained.

Preserve and enhance housing quality through proactive promotional and educational activities and housing programs related to home rehab, code, and design and safety issues.

Owner / Rental Ratio

The ratio of owner/rental housing should be approximately 60% owner occupied and 40% rental.

Explore traditional and non-traditional owner occupied housing options such as, but not limited to: row houses, courtyard housing, alternative housing, cluster housing, hi-rises, 3-story homes, multi-generational housing, etc.

Affordable, Workforce and Supportive Housing

Promote and facilitate a mix of housing types, prices and rents that maintains a balance of affordable housing for low and moderate income households. Future affordability goals with the Met Council should be negotiated to reflect the average percentages for other first ring suburbs in Hennepin County.

Note: In 2004, the City's negotiated goal for housing affordability with the Met Council was that 60-77% of the city's owner occupied homes should be affordable for households with incomes at or below 80% of the area median income and that 37-41% of the city's rental homes should be affordable for households with incomes at or below 50% of the area median income.

Mixed income units should be disbursed throughout the City and not concentrated in any one area of the City or any one development.

Large Homes for Families

Promote and facilitate expansion of existing homes through remodeling which adds more bedrooms and more bathrooms, 2+ car garages and other amenities.

Promote and facilitate construction of large family-size homes with more bedrooms and more bathrooms, (e.g. minimum 3+ bedrooms and 2+ bathrooms, 2+ car garage and additional amenities such as den/fourth bedroom or porch or superior architecture) suitable for families with children.

Senior Housing

Promote and facilitate more housing options for seniors.

Land Use

Planning Goals:

- Use infill and redevelopment opportunities to help meet housing goals.
- Promote higher density housing near transit corridors & employment centers.
- Encourage housing density in commercial mixed-use districts.

Explore and, if appropriate promote ordinances to allow development of non-traditional housing types and increased density in single family neighborhood that is compatible with surrounding neighborhood.

Explore and promote reclassification of non-residential properties and designate for housing and other purposes.

B. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families on the PHA's public housing and Section 8 waiting lists **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

Select all that apply

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development

- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program (Criminal Background Check Only)
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other (list below)
*** St. Louis Park jurisdiction contains no census tract areas defined as poverty concentrated and no areas of minority concentration.**

Strategy 2: Increase the number of affordable housing units by:

Select all that apply

- Apply for additional section 8 units should they become available

- a. Yes No: Does the PHA plan to “project-base” any tenant-based Section 8 vouchers in the coming year? If yes, answer the following questions.
- b. Yes No: Are there circumstances indicating that the project basing of the units, rather than tenant-basing of the same amount of assistance is an appropriate option?

If yes, check which circumstances apply:

- Low utilization rate for vouchers due to lack of suitable rental units
- Access to neighborhoods outside of high poverty areas
- Other (describe below):

- **Access to affordable units providing support services for targeted populations.**

c. Indicate the number of units and general location of units (e.g. eligible census tracts or smaller areas within eligible census tracts):

# of Units	Development	Census Tract #
