

Dear Potential Farmer's Market Vendor,

We are making some positive changes to the 2009 St. Louis Park Farmer's Market and hope you will be back with us this year.

We have extended the market dates into October this year. We will continue to do a lot more marketing and promotion prior to and during the market for more visibility, in addition to working with local business to help us promote the market. And although we highly recommend that the vendors carry their own insurance, it is not mandatory for participation. This should increase the number of vendors that participate, and we will aggressively pursue additional vendors so that we have a good variety without having too many vendors of one type of product.

If you offered suggestions to us last fall, we greatly appreciate your input and are open to other suggestions or ideas. Feel free to contact me directly at [jbuskey@stlouispark.org](mailto:jbuskey@stlouispark.org) or (952) 924-2539.

Looking forward to a great 2009 Market!

Regards,

Jenny Buskey  
Recreation Supervisor
