

Vision Action Teams

Environment

St. Louis Park's overall outdoor and built environment is clean, green, healthy, safe, and aesthetically pleasing. Community members are responsible stewards of the environment and realize their actions today influence the greater ecology inherited by future generations.

Transportation

St. Louis Park offers a variety of transportation modes allowing residents and visitors to easily and inexpensively travel throughout the city and entire metro region.

Sidewalks and Trails

St. Louis Park has a connected network of safe sidewalks and trails to encourage physical fitness and non-polluting transportation options. The city encourages trail use by members of all ages and physical abilities.

Gathering places

St. Louis Park has many gathering places – including centers dedicated to recreation, youth activities, and the arts. Parks and shopping centers also serve as key contact points where people can meet and fully experience the city's many amenities.

Community events

Activities and celebrations throughout the year provide ways for residents, workers and visitors to come together and keep the St. Louis Park community welcoming, vibrant, and active. In the fullest sense of community, such events provide an opportunity to for residents of different ages and backgrounds to connect on common ground.

Housing

St. Louis Park's diverse housing options enable citizens to remain in the city through all stages of life. Providing living arrangements to accommodate all generations' needs enhances the chances of building a strong community and sense of ownership.

Arts and culture

Diverse arts and cultural activities permeate all aspects of life in St. Louis Park. The entire community is enriched by the free flow of artistic expression.

Diversity

St. Louis Park is a city where everyone feels and experiences a sense of belonging. People of all ethnic backgrounds and religious faiths feel free to live, work and play according to their beliefs.
