

What does this cost?

You must be a current member of the SLP Senior Program.

A super-high-grade VHS cassette costs ~\$3, on sale. A utility-grade VHS costs \$1-2. A blank CD-ROM costs ~\$1.

That's it.

Oh, and if you record your photos or slides for ten seconds each, on a two-hour VHS tape, you'll be limited to....

720 photos!

If this sounds interesting to you, please call to request a free transfer tip sheet, and arrange an appointment.

Call the appointment/information telephone number, found on the cover of this brochure.

Thank you!

The Senior Video Club

is sponsored by
ISD 283 Community
Education

and

SLP  **St. Louis Park** MINNESOTA TV.

*An Exclusive Activity Of The
St. Louis Park Senior
Program*

The Senior Video Club started in 1995,
at Lenox Community Center.
In 2010, we moved to SLP City Hall.

Do you have photographs,
slides or home movies?

Would you like to make
video copies of them?

Instead of writing on the back
of photographs, would you
like to narrate and tell exactly
who's who in those cherished
pictures?

Would you like to send video
copies to family and friends?

Now you can!

The Senior Video Club

offers the following activities
to members and associate
members of the St. Louis
Park Senior Program:

Transfer photographs to VHS
cassette;

Transfer slides to VHS
cassette; Transfer home
movies (8mm) to VHS
cassette; Simple editing by
transferring personal VHS
cassette recordings onto a
different cassette; Duplicate
personal VHS recordings;
Add narration to a personal
VHS recording; Add your
personal background music
to your own VHS recording;

Record a video letter to
family or friends, one that
shows you talking on screen;
Copy a phonograph record or
open-reel tape to audio
cassette or audio CD; Copy
personal Betamax or VHS
videos to VHS.

Simple PC computer advice
and help is available through
the Computer Buddies Club
at Lenox Community Center.

Ask advice about video,
audio and cable tv.

Meet other Senior Program
Members that share your
interest in these and other
activities!

Many members have tried or
completed projects and
shared them with their family
and friends.

You can too!

Do you have pictures and
memories of a trip?

Do you have small old
snapshots you'd like to see on
a 13"-27" color TV? The
photo size is limited only by
the size of your own TV!
