

Winter parking permit application

Although St. Louis Park's snow removal ordinance restricts parking after a snowfall, permits for on-street parking are granted under special circumstances. Any vehicle displaying a city-issued permit may park on the street during snow removal operations. If you have any questions, call 952.924.2562.

The ordinance

Whenever it snows three or more inches, parking is not allowed on the street at anytime. On-street parking is permitted only in front of the permit holder's address until the street has been plowed to the curb.

Permit criteria

To qualify for permit (good for the 2018-19 winter season), households must meet one of the following criteria:

1. Household has no garage or driveway — Eligible for two free permits per household
2. Household has off-street parking for only one vehicle, but owns two vehicles — Eligible for one free permit
3. Household has off-street parking for only one vehicle, but owns three or more vehicles — Eligible for one free permit; must pay \$125 each for any additional permits
4. Household has off-street parking for two vehicles, but owns three or more vehicles — \$125/permit, limit two
5. Household requires the aid of a licensed caregiver, but does not have sufficient off-street parking for the caregiver's vehicle — \$25 fee for permit; limit one permit per household

Permit rules

1. You will be issued a sticker to be placed on the driver's side rear bumper of the vehicle(s) identified below in the application.
2. Permit is valid only in front of the permit holder's address. Vehicles that are parked in front of a neighbor's house or other addresses are subject to the same ticketing and towing penalties as non-permit holders.
3. Please be aware that even permitted vehicles will be plowed in when snowplows pass by. Permitted vehicles must be moved within 24 hours of being plowed in, or they are subject to tagging and towing.

How to apply

To apply, complete the application below. Mail your application and check made payable to the "City of St. Louis Park," if applicable, to: Municipal Service Center, 7305 Oxford St., St. Louis Park, MN 55426. After receiving your application, a city official will review your parking situation to see if it meets the permit criteria. If your application is accepted, your permit will be mailed to you. If your application is denied, you will be notified in writing.
