Upcoming construction

Construction on the Southeast Bikeways Improvements is scheduled to begin in late August or early September. The construction company working on the project on behalf of the city is GL Contracting, Inc.

Project overview

Southeast Bikeway Improvements project is a part of the city's Connect the Park plan, and it includes the following segments in Wolfe Park, Browndale and Minikahda Vista neighborhoods:

Wooddale Avenue (44th Street to Morningside Road)
- Bike lanes, parking restrictions, and no center striping.

Wooddale Avenue (Morningside Road to 42nd 1/2 Street)
- Bike lanes with parking bays, parking restrictions, and no center striping.

Princeton and Quentin avenues (42nd 1/2 Street to Park Commons Drive)
- “Share the road" bikeway with no changes to parking restrictions.

Park Commons Drive (Quentin Avenue to West Wolfe Parkway)
- Convert and widen north sidewalk to multi-use trail, narrow the road.

Wolfe Park bikeway (Wolfe Parkway to Monterey Drive)
- The bikeway will follow the existing trail system along the south side of Wolfe Park, adjacent to Wolfe Parkway and the Excelsior and Grand development.

38th Street (Excelsior Boulevard to France Avenue)
- Bike lanes with no changes to parking restrictions.

Schedule/ phasing

GL Contracting is planning on starting on the north end of the project near Wolfe Park and working their way south down to Wooddale Avenue. It is anticipated that 38th Street will be completed near the end of the project. They plan on starting the project around Sept. 1 and have everything complete by late October.
Possible schedule changes

As with any construction work, the schedule and completion of the project may be somewhat dependent on the weather. We ask for your patience with projected weather delays throughout this project.

Safety

We remind you to use caution around the worksite. Your assistance in reminding area children to stay clear of construction equipment is helpful in maintaining a safe environment. Your patience and cooperation during this construction are appreciated.

Traffic delays

The contractor will be responsible for traffic control as a result of this project. We do not anticipate any significant traffic delays.

Contact us

If you have questions or concerns, contact the engineering department at 952.924.2656, 8 a.m. - 4:30 p.m. Monday - Friday.

After hours

If an issue arises outside of regular business hours, call the city’s non-emergency dispatcher at 952.924.2618. They will contact the appropriate on-call project staff.

Stay informed

Throughout the project, we will keep you informed by email, website and direct mailings.
